Professional Experience

Scaler (InterviewBit Technologies Pvt. Ltd.)

Lead Product Designer

Jan 2026 – Present

Bengaluru, India

Segment 1: Growth Product Experience

- AI-First Discovery Strategy:** Pioneered design strategy for high-traffic landing pages, transitioning traditional course pre-views into an interactive, AI-first curriculum matching flow tailored to modern learning behaviors.
- Growth-Engine CMS Architecture:** Architected and shipped a scalable core CMS in lockstep with engineering, reducing design-to-development dependencies and empowering marketing/SEO teams to run growth hypotheses independently.
- Workflow Optimization:** Streamlined cross-functional workflows by establishing a reusable ecosystem of core marketing design components, drastically cutting time-to-market for promotional and SEO campaigns.

Segment 2: Paid User Learning Experience (LMS)

- LMS Ecosystem Redesign:** Spearheading the end-to-end product overhaul of the premium paid learner system to organically maximize daily active usage (DAU) and course completion rates.

CARS24

Senior Product Designer

Apr 2025 – Dec 2025

Gurugram, India

- B2B Portal Optimization:** Designed cohesive dealer partner workflows for core value-added services (warranty, roadside assistance, servicing), reducing operational complexity and driving **500+ warranties/month**.
- Inventory Self-Management:** Introduced a dealer self-stock management flow, enabling independent inventory creation and direct add-on purchases to capture **100+ cars/month**.
- C2C Monetization Launch:** Championed product monetization tracks for peer-to-peer car trading, validating pay-to-chat and unlock-contact frameworks that secured 12 transactional payments on day 1 of a single-city pilot.
- Operations Automation Panel:** Built a centralized internal automation console enabling yard managers, hub managers, and administrative leads to effortlessly track real-time car process stages, cutting operations overhead.
