

Prachi Pandey

LEAD PRODUCT DESIGNER

+91 7042435293 • prachipande.506@gmail.com • Portfolio • LinkedIn
Bengaluru, India • Open to Noida and Gurugram

Professional Summary

Lead Product Designer with 6 years of experience designing large-scale B2C platforms, ed-tech systems, and operational workflows. Proven track record of driving measurable growth, optimizing conversion funnels, and launching AI-driven user experiences. Expert in leading cross-functional teams and building scalable platform solutions.

Professional Experience

Scaler (InterviewBit Technologies)

Lead Product Designer

Jan 2026 to Present

Bengaluru, India

Varsity by InterviewBit

- Led end-to-end product design (landing pages, application, and payment journeys), driving **58 payments in month 1**.
- Built a publishing system that cut page release time from **3 to 4 days to 3 to 4 hours**, enabling **6 new program launches in a month**.

Growth Product Experience

- Transformed landing pages into an AI-first curriculum matching flow to fit modern learning behaviors.
- Collaborated with product managers, engineers, researchers, marketing, and SEO teams to co-architect a scalable CMS, enabling independent campaign launches and reducing engineering dependencies.
- Established reusable marketing UI components, significantly speeding up campaign release time.

Paid User Learning Experience (LMS)

- Leading the core LMS redesign to maximize daily active usage (DAU) and course completion rates.

CARS24

Senior Product Designer

Apr 2025 to Dec 2025

Gurugram, India

Dealer Partner Channel (B2B)

- Simplified dealer workflows for warranties and servicing, driving **500+ warranties/month**.
- Built self-stock management features for direct inventory creation and add-on sales (**100+ cars/month**).

C2C Monetization & Internal Tools

- Launched peer-to-peer monetization (pay-to-chat/unlock-contact), securing **12 paid transactions on day 1** of pilot.
- Built an operational automation console for yard/hub managers to track vehicle stages in real time.

Scaler (InterviewBit Technologies)

Senior Product Designer (progressed from Product Designer I and Product Designer II)

Jan 2021 to Apr 2025

Bengaluru, India

Lead Conversion & Funnel Optimization

- Redesigned discovery and onboarding flows, boosting Free Live Class attendance from **10% to 18%**.
- Revamped intent capture forms to raise callback conversion from **4.34% to 15%** and Alumni conversion to **51.5%**.
- Synthesized insights from **80+ interviews** and **3,500+ survey responses** to prioritize goal-setting and progress-tracking improvements, doubling adoption from **6% to 12%**.

Engagement & Product Growth

- Designed Scaler Topics assessment flow (raising sign-ups to **7.59%**) and earned a **4.80/5 rating** on the core paid experience overhaul.
